SOLOMON'S TEMPLE

Everyone has heard of the mighty temple reared in the Holy City of Jerusalem by the great King Solomon. Everyone knows that the site where it once stood in all its golden splendor is now occupied by the beautiful Mosque of Omar, the holiest Moslem shrine of Palestine. Everyone would deem it a precious privilege to travel back through the centuries and in imagination behold the ancient Jewish Temple in its day of glory and then to trace step by step and century by century the architectural changes that have come to the famous Mount Moriah on the top of which the glorious temple stood. This release is a journey back to the days preceding even the building of the temple. With the aid of the marvelous moveable models of ancient Jerusalem we have produced a filmed history of the holy site, illustrating the many and various aspects that it has presented from the distant day when the tented Tabernacle of the Children of Israel was superceded by the mighty Temple of Solomon, down to the present day.

For HOUSE ORGAN:
